

# Jezebel

Joan Jett and the Blackhearts

I ain't gonna fool around  
I know just what you tried to do  
An you know it gets me down  
'Cause I really trusted you

I don't wanna see ya  
Comin' round here no more  
And I don't wanna see  
Your face around here no more

It was such a sneak attack  
That's not the way to treat a friend  
Every time I turned my back you got off  
But that's all gonna end, right now

I don't wanna see ya  
Hangin' round here no more  
And I don't wanna see ya  
Slippin' through my back door

So you'd better go now  
You'd better go now  
You'd better go right now  
You'd better go now  
You'd better go now  
You'd better go right now  
Now, now, now, goodbye

I don't wanna see your face  
Around here no more  
I don't wanna hear your voice  
Around here no more  
I don't wanna see you  
Comin' (Hangin') round here no more

I don't wanna see you  
Hangin' round here no more  
I don't wanna see your face  
Around here no more

I ain't gonna close my eyes  
I know just what you'd love to do  
It's no good to apologize  
'Cause honey, you an me are through  
Goodbye

I don't wanna see ya  
Hangin' round here no more  
And I don't wanna see ya  
Slippin' through my back door

You try to ace me  
And I don't wanna see your face  
Around this place no more  
'Cause it's a bad thing you done  
You're tryin' to wreck my fun  
And I don't want you here no more

I don't wanna see your face  
Around here no more  
I don't wanna hear your voice  
Around here no more  
I don't wanna see you  
Hangin' round here no more

Get out, Jezebel  
No more
