Indian Giver

I can still remember It wasn't long ago Things you used to tell me You said I had to know Told me that you loved me And that you always would Then I said I loved you You said that that was good Then you made a promise, said you'd never want me to go Oh no

Indian giver Indian giver You took your love away from me Indian giver Indian giver Took back the love you gave to me

Baby I was feeling The way I want to feel You had me believing The love we had was real Things we did together You said they'd never end Now until forever Oh yeah that was what you said Then when I was down I knew you'd always be there Oh yeah

Indian giver Indian giver You took your love away from me Indian giver Indian giver Took back the love you gave to me

Indian giver Indian giver You took your love away from me Indian giver Indian giver Took back the love you gave to me

Indian giver Indian giver You took your love away from me Indian giver Indian giver Took back the love you gave to me
