

## Lie to Me

Joan Jett

I can tell that somethin's changed  
When you touch me I feel strange  
There's a difference when we kiss  
Who's this stranger on my lips  
In this bed we're outta place  
But the truth's too hard to face

In the mornin' we can do an inventory of our history  
But for now I don't wanna know

Lie to me even if it's just for tonight  
Make it feel like it used to be  
Come on' lie to me you don't have to look in my eyes  
When you lyin' next to me I'll try to believe when you lie to me

Don't let go of me just yet  
Hold me close like we just met  
Take it slow to ease the pain  
Let it sink into my brain

In the end we just might find we somehow end up bein' the best  
of friends  
But for now I don't wanna know

Come on' lie to me even if it's just for tonight  
Make it feel like it used to be  
Come on' lie to me you don't have to look in my eyes  
When you're lyin' next to me I'll try to believe you when you lie to me

In the mornin' I'll set you free  
But tonight be kind and baby  
Lie to me even if it's just for tonight  
Make it feel like it used to be  
Come on' lie to me you don't have to look in my eyes  
When you're lyin' next to me I'll try to believe you when you lie to me  
Lie to me even if it's just a disguise  
Take me now before it gets to me  
Come on' lie to me you don't have to look in my eyes

Lie to me even if it's just for one night  
Lie to me you don't have to look in my eyes
