Bury Me on the Battery

Joan Osborne

If I die in New York city
Bury me on the Battery
The pretty girls on Brooklyn ferry
Ask them all to weep for me

I'll be smiling brother When they lay me down Cause I lived my life In New York town

Say it again

I'll be smiling brother When they lay me down Cause I lived my life In New York town

And I'll be smiling brother When they lay me down Cause I lived my life In New York town

I'll be smiling brother When they lay me down Cause I lived my life In New York town

Because I lived my life In New York town
