

Everybody is a Star

Joan Osborne

Everybody is a star
Who can rain and chase the dust away
Everybody wants to shine
Ooh, come out on a cloudy day
'Til the sun that loves you proud
When the system tries to bring you down
Every hand to shine tonight
You don't need darkness to do what you think is right

Everybody is a star
I can feel it when you shine on me
I love you for who you are
Not the one you feel you need to be
Ever catch a falling star
Ain't no stopping 'til it's in the ground
Everybody is a star
One big circle going round and round
