

# I'm Qualified

Joan Osborne

Do you need a girl beside you  
To supply the love you need?  
I'll give you satisfaction  
And all my work is guaranteed

If you want someone to love you  
Take your hand and be your guide  
Oh, I'm qualified  
Take a chance with me, baby

If you want someone to cry to  
I'll wipe away your tears  
If you need someone to lie to  
I'll be glad to lend an ear

If you're looking for somebody  
To stand by your side  
Oh, I'm qualified  
Take a chance with me, baby

I'm qualified, I'm qualified  
Come on and take a chance with me, baby  
I'm qualified, I'm qualified  
Come on and take a chance with me, baby

I ain't much on matrimony  
All I know is what I've heard  
But I'll gladly chance it, darling  
If you'd only say the word

If you need someone to play with  
I'll be there by your side  
Oh, I'm qualified  
Take a chance with me, baby

I'm qualified, I'm qualified  
Come on and take a chance with me, baby  
I'm qualified, I'm qualified  
Come on and take a chance with me, baby

I'm qualified, I'm qualified  
Come on and take a chance with me, baby  
I'm qualified, I'm qualified  
Come on and take a chance with me, baby
