

# Natural High

Joan Osborne

Why do I keep my mind on you all the time  
And I don't even know you

Why do I feel this way  
Thinking about you every day  
And I don't even know you

Take me in your arms  
Thrill me with all of your charms

And I'll take to the sky on a natural high  
(I want to take to the sky)  
Loving you more 'till the day I die  
(On the natural high)  
Take to the sky on a natural high  
(I want you to be mine)  
Loving you more.

If you have anything to do  
Call me and I will do it for you  
And I don't even know you

If I only had one wish to give  
That wish would be for you to live forever and ever.  
When I see you on the street  
My heart skips a beat

And I'll take to the sky on a natural high  
(I'll just take to the sky)  
Loving you more till the day I die  
(on a natural high)  
Take to the sky on a natural high  
(Loving you more and I don't know you)  
Loving you more

I'm gonna try to do  
All the things you want me to  
If you'll just give me a chance  
I'm trying to make something out of a nothing romance  
And I don't even know you

Take me in your arms  
Thrill me with all of your charms

And I'll take to the sky on a natural high  
Loving you more 'till the day I die  
(To the sky)

I'll take to the sky on a natural high  
Loving you more

And I'll take to the sky on a natural high  
Loving you more 'till the day I die

I'll take to the sky on a natural high  
Loving loving you

I'll take to the sky on a natural high  
Loving you more 'till the day I die

I'll take to the sky on a natural high  
Loving loving you
