## **Natural High**

## Joan Osborne

Why do I keep my mind on you all the time And I don't even know you

Why do I feel this way Thinking about you every day And I don't even know you

Take me in your arms Thrill me with all of your charms

And I'll take to the sky on a natural high (I want to take to the sky) Loving you more 'till the day I die (On the natural high) Take to the sky on a natural high (I want you to be mine) Loving you more.

If you have anything to do Call me and I will do it for you And I don't even know you

If I only had one wish to give That wish would be for you to live forever and ever. When I see you on the street My heart skips a beat

And I'll take to the sky on a natural high (I'll just take to the sky) Loving you more till the day I die (on a natural high) Take to the sky on a natural high (Loving you more and I don't know you) Loving you more

I'm gonna try to do All the things you want me to If you'll just give me a chance I'm trying to make something out of a nothing romance And I don't even know you

Take me in your arms Thrill me with all of your charms

And I'll take to the sky on a natural high Loving you more 'till the day I die (To the sky)

I'll take to the sky on a natural high Loving you more

And I'll take to the sky on a natural high Loving you more 'till the day I die

I'll take to the sky on a natural high Loving loving you

I'll take to the sky on a natural high Loving you more 'till the day I die

I'll take to the sky on a natural high Loving loving you
