

When The Blue Hour Comes

Joan Osborne

The good times are all gone
The night keeps coming on so strong
You cant hold on, no matter what you do
Will there be someone who cares for you
When the blue hour comes?
When the blue hour comes?

And when your restless heart
Tears your world apart
And everywhere you turn
Its falling down on you
Will there be a light that shines for you?

When the blue hour comes for you
If theres anything that you would have me do
Just call on me and Ill be coming through
I will always be there for you
When the blue hour comes
When the blue hour comes

Good times don't last forever
Sometimes its now or never
Darling, reach out for me
You know where Ill be
I will always be there for you
When the blue hour comes
When the blue hour comes

When the blue hour comes for you
If theres anything that you would have me do
Just call on me and Ill be coming through
I will always be there for you
When the blue hour comes
When the blue hour comes

I will always be there
When the blue hour comes
When the blue hour comes
When the blue hour comes...
