

## Got To Be Sure

Joana Zimmer

Let me all your Boy. What you need to know.  
Drop your guard and turn the lights down low.  
I need you loving`too.  
Every Word is true.  
So just relax I wanna be with you.  
You can have me endlessly.  
If we get it right.

I dont`t wanna give my heart to you.  
Until` I know you feel it too.  
You`ve got to understand.  
That before I can answer your all.  
I have got to be sure

I hope you know.  
I`m not rejecting you.  
To make it work we got to be real cool.  
With just a little Time.  
Forever will be yours and mine.  
So just relax and everything will be just fine.  
Imagine how this love could be.  
If we get it right.

I dont`t wanna give my heart to you.  
Until`I know you feel it too.  
You`ve got to understand.  
That before I can answer yuor call.  
I have got to be sure.

If you wanna leave.  
Let`s talk it through all this Dreams I dont`t wanna  
lose.  
You`ve gotta understand.  
That before I can give anymore.  
I have got to be sure.  
So you can have me endlessly.  
If we get it right.

Don`t lift me up.  
Don`t let me down.  
My Head is spinning around and around.  
Just understand.  
That before I can answer your call.  
I have got to be sure.
