

# Miss You In My Arms

Joana Zimmer

I miss the way you kiss me in the mornin'  
This house just ain't no home  
I wake up on a clear blue dawnin'  
It hurts to be alone  
There's nobody in the bathroom  
And the kitchen is deadly quiet  
I sure miss your breakfast call  
But here's what I miss most of all

I miss you in my arms tonight  
I wait for you my arms are opened wide  
In I'm longin' for your warm embrace  
Your smilin' face  
And the way you hold me tight  
My I miss you in my arms tonight  
To fill this empty space here by my side  
Arms I wonder if you feel it too  
I'm feelin' blue  
But it never felt so right  
I miss you in my longin' arms tonight

Today I saw a really funny movie  
And couldn't laugh with you  
And anything that happens to me  
Has got a different view  
When I need some good advice  
I can always count on you  
You sure catch me when I'm fallin'  
But here's what I miss most of all

I miss you in my arms tonight  
I wait for you my arms are opened wide  
I'm longin' for your warm embrace  
Your smilin' face  
And the way you hold me tight

I guess it is the way the story goes  
When sweet lovin' grows  
In Don't wanna spent your time alone

I miss you in my arms tonight  
I wait for you my arms are opened wide  
In I'm longin' for your warm embrace  
Your smilin' face  
And the way you hold me tight  
My I miss you in my arms tonight  
To fill this empty space here by my side  
Arms I wonder if you feel it too  
I'm feelin' blue  
But it never felt so right  
I miss you in my longin' arms tonight
