Jodeci

Stick em' uh uh uh uh uh, yeah

I beeped you, baby ya have to clear me from the dance floor  
Trying to look in my window, but you just couldn't see me though  
You attracted me with all your body, uh do you wanna roll with me  
Through uptown

All I got is that old funk  
So let it bang and boom in ya trunk  
Girl I know that's what you want, that, that funk

I know you want it, and you know I got it baby  
Anything you want from me baby  
Girl if you want it, just come get it from me  
Anything you want from me, I'm trying to tell you bring on that funk  
Bring on da funk, bring on da funk  
Bring on da funk, bring on da funk  
Bring on da funk, bring on da funk  
Bring on da funk, now

Now you know, you really do fit my steelo  
You can flow, I just got to know  
Do you wanna roll with me, sweet lady in my Jeep  
Let's keep it all discreet, I'm just a simple freak babe

All I got is that old funk  
So let it bang and boom in ya trunk  
Girl I know that's what you want, that funk, that funk  
All I got is that old funk  
So let it bang in ya trunk  
Girl I know that's what you want, uh that funk

Girl if you want it, just come get it from me  
Anything you want from me, I'm trying to tell you bring on that funk
