

Give It Up

Jodeci

What's up, yeah
Let a nigga know where you wanna go
Is it Acapulco? I got the money dough
You got my body and them lines be on the highway
So I say what up, we may get to hook up on Friday

I heard you got the bomb to make his actin' dumb
I kinda think I wanna hit it like a snare drum
What I do is what I do, yeah, no doubt
Thinkin' about you, Jodeci help me sing it now

I was just sitting right here
Waiting for you, my dear
I was just chillin', are you willin'
To give up that feelin'?

I was just sitting right here
Waiting for you, my dear
I was just chillin', are you willin'
To give up that feelin'?

Oh, it's ten in the morning
And baby I'm yawning
Didn't get no sleep last night
Thinking about your love, it's so tight

Oh, I'm mesmerized by your face
Wanna see your panty lace
And you know I'm on the real
And I wanna give you some sexual healing

I was just sitting right here
Waiting for you, my dear
I was just chillin', are you willin'
To give up that feelin'?

I was just sitting right here
Waiting for you, my dear
I was just chillin', are you willin'
To give up that feelin'?

Baby, do you have the time
To hear what's on my mind?
Try and understand
Sexin' you is the master plan

Baby, don't be shy
Please don't try and fight
Baby, give me half a chance
Let me show you romance

I was just sitting right here
Waiting for you, my dear
I was just chillin', are you willin'
To give up that feelin'?

I was just sitting right here

Waiting for you, my dear
I was just chillin', are you willin'
To give up that feelin'?

Say it again, say it again
Did it right here
And I'm waiting, waiting, waiting

I was just chillin'
Are you willin', baby?
Tell me, wanna know
Got to know

Give it up, give it up
Give it up, show me love
Give it up, give it up
Give it up, show me love

Give it up, give it up
Give it up, show me love
Give it up, give it up
Give it up, show me love

(Give it up, give it up, give it up)
No doubt
(Give it up, give it up, give it up)
(Give it up, give it up, give it up)
(Give it up, give it up, give it up)
(Give it up, give it up, give it up)
Oh fuck
(Give it up, give it up, give it up)
No doubt

(Give it up, give it up, give it up)
To give it up that feelin'
(Oh fuck)
Waiting for you, my dear
(No doubt)
(Give it up, give it up, give it up)
(No doubt)
(Give it up, give it up, give it up)
(Give it up, give it up, give it up)
(Give it up, give it up, give it up)
To give it up that feelin'
