

# Love U 4 Life

Jodeci

Promises you made me  
All the things you told me  
You said you'd never leave me  
We'll be together for eternity  
Now it's all in the past  
Now I know our love will last  
Lady I will do all I can  
Lady I will be all I am  
I'll give you all you had before  
So come on in and close the door  
Let me show you what I could be  
Could you just please tell me

Do you believe in love  
And the promise that it gives  
I wanna love you for life  
Cause your love is why I live  
Do you believe in love  
And the promise that it gives  
I wanna love you for life  
Cause your love is why I live

I know that things are rough  
But my faith wasn't strong enough  
Now my heart is built to last  
My heart is beating for you fast  
But now I know that you understand  
I wanna take you by the hand  
And walk with you down that aisle  
And with you I will live my life  
I'll give you all you had before  
So come on in and close the door  
Let me show you what I could be  
If you just please tell me

Do you believe in love  
And the promise that it gives  
I wanna love you for life  
Cause your love is why I live  
Do you believe in love  
And the promise that it gives  
I wanna love you for life  
Cause your love is why I live

I want you to know that it's for real  
This feeling that I feel  
I want you to know that it's so real  
Tell me will you

Do you believe in love  
And the promise that it gives  
I wanna love you for life  
Cause your love is why I live  
Do you believe in love  
And the promise that it gives  
I wanna love you for life  
Cause your love is why I live

Do you believe in love  
And the promise that it gives  
I wanna love you for life  
Cause your love is why I live  
Do you believe in love  
And the promise that it gives  
I wanna love you for life  
Cause your love is why I live
