

# Baby You Gotta Change Your Mind

Joe Bonamassa

Baby if you think I'm crazy about you  
You gotta change your mind  
Baby if you think I'm crazy about you  
You gotta change your mind

I woke up this morning 'bout half past four  
Somebody knocking at my back door  
If you think I'm crazy about you  
You gotta change your mind  
You better change your mind  
Baby if you think I'm crazy about you  
You gotta change your mind  
Baby if you think I'm crazy about you  
You gotta change your mind

Whatcha doin mama, you'll do it again  
I'm setting out 'bout half past ten  
Baby if you think I'm crazy about you  
You gotta change your mind  
I mean you better change your mind

Baby if you think I'm crazy about you  
You gotta change your mind  
Baby if you think I'm crazy about you  
You gotta change your mind

In front of the jury with my eyes full of tears  
For beatin up my gale I got forty five years  
Baby if you think I'm crazy about you  
You gotta change your mind  
I mean you better change your mind

Baby if you think I'm crazy about you  
You gotta change your mind  
Baby if you think I'm crazy about you  
You gotta change your mind

My gale likes liquor, like rye and gin  
But can't get a whiskey drink, but man  
She thinks she can

Baby if you think I'm crazy about you  
You gotta change your mind  
I mean you better change your mind

Baby if you think I'm crazy about you  
You gotta change your mind  
Baby if you think I'm crazy about you  
You gotta change your mind

I woke up this morning 'bout half past four  
Somebody knocking at my back door  
If you think I'm crazy about you  
You gotta change your mind  
I mean you better change your mind
