

## Ball Peen Hammer

Joe Bonamassa

I wanna go there, I wanna climb  
Now I don't know about no law, I don't see no crime  
Ain't no reason, ain't no rest  
I wanna get down to the woman and get undressed

And I can't stand it, I can't stand it  
I can't wait to see them walls falling down

Tell me Jesus, why they run  
Is it by the weight of the woman, the weight of the gun  
Got 15 minutes now, and I just don't care  
I'm gonna take this off and ready when I get there

And I can't stand it, and I can't stand it  
I can't wait to see them walls falling down  
And I can't stand it, I can't stand it  
I can't wait to see them walls falling down

No where tomorrow, a sunday rhyme  
You know all good things come in there due time  
Put The Ball Peen Hammer, Right Thru That Door  
And I don't pretend to understand no more

I can't stand it, and I can't stand it  
I can't wait to see them walls falling down  
I can't stand it, I can't stand it  
I can't wait to see them walls falling down
