

# When the Sun Goes Down

Joe Bonamassa

Work all day  
sweat and blood  
watch our daddies  
get it on  
make that money  
make that time  
just one thing  
you got on your mind you know  
gonna see you  
gonna be good  
when the sun goes down  
sun goes down  
gonna be free yeah  
you and me  
when the sun goes down  
sun goes down  
sun goes down  
sun goes down  
place I know  
outside of town  
bright lights glow  
once go round  
gonna touch  
gonna dance  
sun goes down  
we all got a chance, ya know  
gonna see you  
gonna be good  
when the sun goes down  
sun goes down  
gonna be free yeah  
you and me now  
when the sun goes down  
sun goes down  
sun goes down  
sun goes down  
sun goes down  
are you ready  
yes I'm ready  
waiting for me  
waiting for you  
gonna love me  
gonna love ya  
I'm gonna see you  
when the sun goes down you know!  
music's high  
life goes on  
keep it moving  
till the night is gone  
work all day  
bide my time  
sun goes down  
the night is mine you know  
gonna see you  
gonna be good  
when the sun goes down  
sun goes down

gonna be free yeah  
you and me now  
when the sun goes down  
sun goes down  
sun goes down  
sun goes down  
sun goes down  
sun goes down  
sun goes down  
Ohhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh
