Joe Bonamassa

Well I'm wild about you Baby  
and you just don't treat me right  
Yes I'm wild about you darling  
and you just wont treat me right  
leave home early in the moring  
And you saty out all night

Yes you leave me baby and you say away all night long  
Yes you leave me darling  
And you stay away all night long

Keep me weare and crying now baby  
And I hope you come back home

Yes you leave me baby and you know you done me wrong  
Yes you leave me baby and I know you done me wrong  
I turn over on my pillow and I hope you come back home

Yea good bye now baby  
I Hope I never see you know more

Yea good night my baby  
Hope I never see you know more  
you start doing me wrong now child  
just like the girl I had before

Cause you know I'm the man  
Yea lission to me baby  
Cause you know I'm the man  
Gonna get me cupple women  
And I hope you find a man
