

# I Got You

Joe Brooks

Hold my eyes  
This morning sunshine's bright  
It's blinding my fears away  
I ain't got time for stalling  
My mind's made up  
There's only one way to be  
Yeah

'Cause I got you  
And well you got me  
One heart we beat  
Everything I need, oh  
I've got you  
Yeah  
I said I've got you  
Yeah

Bare feet  
Falling waves  
We see sand  
For miles and miles  
Like the common tone of this endless night  
You sigh  
Isn't life just wonderful?  
Isn't life just beautiful?

'Cause I got you  
And well you got me  
One heart we beat  
Everything I need, oh  
I've got you  
Yeah  
Life is beautiful  
And singing I've got you  
Life is wonderful  
Singing I've got you  
Now life is beautiful  
'Cause I've got you  
And life is beautiful  
'Cause I've, I've got you  
Life is wonderful  
And I've got you

I got you.

I've, I've got you  
Life is beautiful  
And singing I've got you  
And life is wonderful  
Oh, oh oh oh oh mmm  
With you a by myside
