

Marching Band

Joe Brooks

The crash into a deeper ocean
Drown in waves of pure emotion
Tears, they're rolling from each other's eyes

It's me and you against the world now
Take my hand, let's find a marching band
That beats the rhythm of our hearts

We're the fire, the flames
They can't put out our faith, like oxygen
So breathe it in, be with me now
It's us against the world
It's us against the world
Try stopping us now

I can promise you all of the life brings lies to pain
Such a sweeter ending
How am I to know if this is our last embrace? oh

We're the fire, the flames
They can't put out our faith, like oxygen
So breathe it in, be with me now
It's us against the world
It's us against the world
The world

So try stopping us now
Try stopping us now, oh

Try stopping us now
It's us against the world

It's me and you against the world now (the world)
Take my hand, let's find a marching band
(try stopping us now, yeah)
That beats the rhythm of our hearts

It's me and you against the world now (the world)
Take my hand, let's find a marching band
(try stopping us now)
That beats the rhythm of our hearts

Oh, take my hand
Let's find a marching band
