

# Good Enough

Joe Budden

Nothings ever good enough  
Hollywood, think he too good for us  
Niggas emo, he ain't in the hood enough  
How bout hes just misunderstood to us  
Vision is fine, I can still hear  
So I pop one more till everything is unclear  
Cause... nothings ever good enough  
I'm just looking for something... good enough

Wonder where his mind is  
If everyones depression is wrong, then maybe mine is  
Jurys out, but the verdicts in  
Case ain't been heard, so how they murdering him  
I appear to be arrogant, that's what they instilled in me  
Took it as a weakness when I showed them humility  
Insensitive, don't waste time tryin to tell me what  
Emotions is, I'm emotionless  
I can't explain it, it comes from home  
Make me uncomfortable and you gonna put me in a comfort zone  
Double as me, feel what I feel and know hes strugglin  
Be trying to get depression and suffer from me  
When your heads cluttered with noise you get lost  
Am I isolated by choice or by force?  
Listen, the fuck y'all expect from me  
Already givin y'all the best in me, but it seem like...

Nothings ever good enough  
Hollywood, think he too good for us  
Niggas emo, he ain't in the hood enough  
How bout hes just misunderstood to us  
Vision is fine, I can still hear  
So I pop one more till everything is unclear  
Cause... just one wasn't good enough  
Crushin it in rum wasn't good enough  
The baddest girl wouldn't be good enough  
All the cash in the world ain't good enough  
{Why? }... cause you can go your hardest for your fans  
But like you they only human so they may not understand that  
I used always try to be good enough  
Couldn't figure out why I wasn't good enough  
So instead of being good enough  
I just wanna be better than good enough

The fluck is going on around here?  
Contriving and conforming is the norm around here  
It's tension, speak up and violence gets mentioned  
In a world where everybody gets by off silenced opinions  
And so I cut the red tape and the politics  
Know it's there, I'm just the only nigga to acknowledge it  
Learn from the acts that came before ya and retain the lawyer  
They told me once you get the fame, you get the paranoia  
They say that he a has-been, irrevelant  
But every word I say, niggas get hella bent  
Tell you why I'm off of the charts or on the bottom of your bracket  
I rap thru the heart and some niggas lack it  
So I get why I'm greeted with spite, got nerve being the truth  
Life's fine with them believing a lie

Even I no longer know what to expect from me  
But y'all have yet to see the best in me, still it seem like...

Nothings ever good enough  
Hollywood, think he too good for us  
Niggas emo, he ain't in the hood enough  
How bout hes just misunderstood to us  
Vision is fine, I can still hear  
So I pop one more till everything is unclear  
Cause... just one wasn't good enough  
Crushin it in rum wasn't good enough  
The baddest girl wouldn't be good enough  
All the cash in the world ain't good enough  
But you can go your hardest for your fans  
But like you they only human so they may not understand that  
I used always try to be good enough  
I couldn't figure out why I wasn't good enough  
So instead of being good enough  
I just wanna be better than good enough

Check it, I want it all that's why I strive for it  
Diss me and you normally hear a reply for it  
But I'm starting my maturation and ignore em  
Let em continue their masturbation  
Say my actions don't match what I'm spittin  
So I tell em mind they business and let me stray  
They say that you becoming a walking contradiction  
I tell em people change everyday  
I tell em I been making my own decisions since a teen  
Tell me who the fuck is y'all to intervene, here's a lesson  
I'm good enough for me, a nigga seem to be perfection  
Fifty grand, v.I.p., queens and perfection  
Far from a beginner, nigga ain't a white belt  
Cry me a river, and I'll turn into mike phelps  
I'm just giving y'all the best in me  
And y'all just turn that into stress for me and so it seem like...

Nothings ever good enough
