

## Cry Me a River

Joe Cocker

I keep on runnin' baby  
I keep on runnin'  
But I just can't hide  
No, I just can't hide  
I keep on hurtin' baby  
I keep on hurtin' so deep inside  
So deep inside

Lord I need your smile  
Child like the one I once knew  
Made my grass green  
And my blue skies blue  
Lord was time when 2 was 1  
Tell me now girl  
Where've all the good times gone

Cry me a river  
Wash my blues all away  
Cry me a river  
Girl you is my riverboat  
Take me away  
Is reachin' out my hand  
Won't ya please help me to my feet once again  
Tears fallin' like rain  
Lord it's a time  
When everybody needs a friend  
Girl where've you been

Lord I need your smile  
Child like the one I once knew  
Made my grass green  
And my blue skies blue  
Lord was a time when 2 was 1  
Where've all the good times gone

Cry me a river  
Wash my blues all away  
Cry me a river  
Girl you is my riverboat  
Take me away
