

# Feels Like Forever

Joe Cocker

I saw you  
That was all I had to see  
Wanted you  
Had to have you next to me  
>From that moment  
I knew that you'd be all I'd ever need  
And there's a place inside my heart  
Nobody's touched before  
And when I found you  
I found all that I'd been searching for  
You turned my world around  
All I know  
Is that it feels like forever  
All I know  
Yes I love the way it feels  
All I see  
Is how good we are together  
And I never wanna see it slip away  
I'll never let you go  
Is all I know  
Hold me  
Love is here for us to make  
Stay with me  
Let's put our hearts in the hands of fate  
Time will tell us  
If what we've got was worth the wait  
And there's a fire that's been burning deep inside of me  
And I don't need nobody else  
'Cause now you're here with me  
You've turned my world around  
All I know  
That it feels like forever  
All I know  
Is I love the way it feels  
All I see  
Is how good we are together  
And I never want to see it slip away  
I'll never let you go  
Is all I know  
I might have never met you  
At another time or place  
Never I never could forget you  
I could never walk away  
That's all I know  
'Cause there's a place inside my heart  
Nobody's touched before  
And when I found you  
I found all that I'd been searching for  
You've turned my world around  
All I know  
Is it feels like forever  
All I know  
Is I love the way it feels  
All I see  
is how good we are together  
And I never want to see it slip away  
I'll never let you go

All I know  
Is it feels like forever  
All I know  
Is I love the way it feels  
All I see  
Is how good we are together  
And I never want to see it slip away  
I'll never let you go  
It's all I know  
Is it feels like forever  
All I know  
Is I love the way it feels  
All I see  
Is how good we are together
