

# Love Is on a Fade

Joe Cocker

There was a time you said no one could shine like I can  
Now if I were the sun guess I'd be sinking on your rising  
'Cause that look in your eyes gives you away  
Love is on a fade

When you met him your shadow started getting longer  
You say you still want me but I can see you'll soon be gone, girl  
Two silhouettes walking away  
Love is on a fade

Love is on a fade  
It's leavin', it's gone, it's slipped through  
Love is on a fade  
You're gonna leave me with just forgettin'  
That your good love never came my way  
Love is on a fade

But baby, that's okay  
If you lied and tried to trick me  
I don't need your kinda love anyway  
I'll be out the door before you can say  
Love is on a fade

Love is on a fade  
It's leavin', it's gone, it's slippin'  
You're gonna leave me with just forgettin'  
That your good love never came my way  
Love is on a fade

When you met him  
Your shadow started getting longer  
You say you still want me  
But I can see you'll soon be gone, girl

Two silhouettes walking away  
Love is on a fade  
Say I'll be out the door before you can say  
Love is on a fade  
I can see that look in your eyes anyway  
Love is on a fade

And it's fading on me, leavin' me girl  
Don't leave me lonely, don't leave me at all  
Don't leave me, leave me at all  
Love is on a fade with me, leavin' me down  
You're down and lonely, yeah, fading away
