

# You Took It So Hard

Joe Cocker

You're not sure how long it's been  
Too long is all I know  
You never knew what happened when  
Your lover just had to go

Couldn't look you in the eye  
Never really said goodbye  
Even though you didn't cry  
Sometimes you wished you could have

You took it so hard  
When that world came crashing down on you  
You picked up your heart  
All those pieces on the ground off you

Swore you'll never love again  
Couldn't see a new day when

Everything would turn around  
Your heart would finally mend  
All the love lost would be found  
With someone new again

And you'd finally forget  
All the sorrow and regret  
Close your eyes and take a breath  
And let another lover heal you

'Cause you took it so hard  
When that world came crashing down on you  
You picked up your heart  
All those pieces on the ground off you

Swore you'll never love again  
Couldn't see a new day when

They tell you keep the faith  
That's all it's gonna take  
But you know they are mistaken  
It takes a lot of faith and courage

What if I would say to you  
That not all love goes bad  
What if I could show you  
Would you ever take the chance

If I proved it with a sign  
Turned the tear drops into wine  
Would it make up for the time  
Your trust was shattered

And you took it so hard  
When that world came crashing down on you  
You picked up your heart  
All those pieces on the ground of you

You took it so hard

Swore you'll never love again  
Oh baby, you picked up your heart  
Couldn't see a new day when

You took it so hard
