I'm In Love With A Capital U

Joe Diffie

I never did good in school I was a rebel at heart While everybody was makin' the grade I was getting up to no good down to an art But then you came along and baby there I went Darlin' with a kiss all of that English finally started makin' sense

You got me feelin' so G U D It's more better than I thought it would be Girl you taught me things that I never learned in school I'm in love with a capital U, oh yeah

I always hated math, it never did add up Every time the teacher said, "Pi R square" All that I could think about was goin' to lunch Science and history they only wore me out But darlin' since we met I finally found a subject I know a little something about

You got me feelin' so G U D It's more better than I thought it would be Girl you taught me things that I never learned in school I'm in love with a capital U, oh yeah

You got me feelin' so G U D It's more better than I thought it would be Girl I'm just a product of public school I'm in love with a capital U

It's more better than I thought it would be Girl you taught me things that I never learned in school I'm in love with a capital U, oh yeah
