

Somewhere Under The Rainbow

Joe Diffie

The street that we live on
Ain't no yellow brick road
This paycheck that I bring home
Sure ain't no pot of gold

When people dream
They don't wish they were us
But they don't know
We've got more than enough

We're somewhere under the rainbow
Just watchin' the late show, livin' on love
We're dancin' slow to the radio
Just holdin' on, somewhere under the rainbow

Some folks spend their whole life
Dreamin' 'bout the other side
Where the rain never falls
And those bluebirds fly

But I'll take forever
Where the skies aren't always blue
'Cause when I'm in your arms
I know dreams come true

We're somewhere under the rainbow
Just watchin' the late show, livin' on love
We're dancin' slow to the radio
Just holdin' on, somewhere under the rainbow

Somewhere under the rainbow
Just watchin' the late show, livin' on love
We're dancin' slow to the radio
Just holdin' on, somewhere under the rainbow

Somewhere under the rainbow
Livin' on love
We're dancin' slow to the radio
Just holdin' on, somewhere under the rainbow

Somewhere under the rainbow
Just watchin' the late show, livin' on love
