

## Another World

Joe Jackson

I was so low  
People almost made me give up trying  
Always said no  
The I turned around saw someone smiling

I stepped into  
I stepped into  
Into another  
Into another  
I stepped into  
I stepped into  
Into another  
Into another world

There was no light  
I was going to all the wrong places  
Like day from night  
Suddenly I saw a thousand faces

I stepped into  
I stepped into  
Into another  
Into another  
I stepped into  
I stepped into  
Into another  
Into another world
