

Good Bad Boy

Joe Jackson

We hear you, we see it
You do it like you wanna be it
And we're the guys to guarantee it
Get in the line and be a Good Bad Boy

We got it, we're on it
And we can write you like a sonnet
But you can't fight us if you want it
Get in the line and be a Good Bad Boy

You're our kind of rebel
It's your kind of time
'Cause everyone gets one chance

So scowl for the camera
But don't howl at the moon
Be a Good Bad Boy

We move it, we shake it
And we're not asking you to fake it
But we know just how far to take it
Get in the line and be a Good Bad Boy

Come on now, the first thing
We got to get your body working
You're gonna sweat until you're hurting
Get in the line and be a Good Bad Boy

We'll take off some clothes then
We'll take off some pounds
And then we can start to dance

So snarl for the camera
But don't large it too soon
Be a Good Bad Boy

So pout for the camera
But don't shout out the tune
Be a Good Bad Boy

Get in the line and be a Good Bad Boy
