

Take It Like a Man

Joe Jackson

Don't let her down
Just 'cause you could before
She stole the crown
You don't rule anymore

Oh no - take it like she did before
Oh no - take it like a man

Strong sexy smart
Slim sassy super-cool
She gets the parts
You get to play the cool
Mean drunk or dumb
We're not casting boys today
Braveheart or bum
Who needs you anyway

Oh no - take it like she did before
Oh no - take it like a man

Don't feel so down
You'll find some job to do
Gangsta or clown
She'll keep a place for you
You feel her touch
Fingers like icicles
She needs you so much
Like fish need bicycles

Oh no - take it like she did before
Oh no - take it like a man
