

All This Time

Joe Jonas

I know you've been hurt before
But never say never, baby
Slow down, don't close the door
You've been waiting forever, baby
See I know your heart's been scarred
But you've come this far
So baby, don't run away
I, know you're close to giving up
I just want to give you love
And try to keep a smile on your face
So open your eyes and see that we belong together, hey yeah
Pleasant surprise you'll find that things can be much better

I, want to take you to a place
Where love is something more than you imagined, yeah
I, put it right in your face
Girl, it's yours
All you got to do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it's yours
All you got to do is reach out and grab it

You played your cards right into the broken heart
Baby, I would never, I'd treat you like a treasure
It's not your fault, I know you took it hard
That was his mistake
For us it's never too late
You can't live your life in fear
I know it's hard to move
But you've just got to forget it
Cause baby, the sky is clear
The rain is gone, the sun is shining

I, want to take you to a place
Where love is something more than you imagined, yeah
I, put it right in your face
Girl, it's yours
All you got to do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it's yours
All you got to do is reach out and grab it

You waited all this time (3x)
You waited all this

Time to get up, girl
And take a chance, yeah
There's nothing to be scared of
Just grab my open hand
If you need someone by your side
With the love inside
Night or day, I'll be there
You know I will

Cause I...

I want to take you to a place
Where love is something more than you imagined, yeah
I, put it right in your face
Girl, it's yours
All you got to do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it's yours
All you got to do is reach out and grab it
I... yeah... ho-hoo, yea-yeah... I
