## **Make It Right**

You say you'll know When you really find the one But it's hard to tell With the damage that's been done But I'd like to say that it's your fault But I know better 'Cause I'm a fool to think you'd Wait around forever

Maybe I could have loved you Maybe I could have shown That I still do care about you More than you could know Don't say it's too late to try To make it right Oh ohh to make it right

I didn't know how good you were for me Now it's clear I'm seein' all that we could be And I know that it's my fault But I'm gonna treat you better 'Cause if I had one wish You'd be with me forever

Maybe I could have loved you Maybe I could have shown That I still do care about you More than you could know Don't say it's too late to try To make it right

## Ooooh

Is there something I could say Show me how to break it down So before you walk away Take the time to turn around Listen to me now

Maybe I could have loved you Maybe I could have shown That I still do care about you More than you could know Don't say it's too late to try

Maybe I could have loved you Maybe I could have shown That I still do care about you More than you could know Don't say it's too late to try To make it right

Oooh To make it ri-ight

Make it ri-i-i-ight
