

# Sorry

Joe Jonas

It can be a rush, yeah, it's like a drug,  
When you give up love it's never worth it  
When you're fighting fear, it can be so clear,  
What you really need is each other

But i finally found the truth: I was using you  
Every night you're gone I swear it hurts  
You're the atmosphere, now you're gone I can't live,  
Tell me what to do, I feel the pain all over my body  
Was it the things I said, can I take them back?  
Baby, cause without you theres nothing left of me  
We can run away, we can change our fate,  
Baby, what can I do to show you I'm sorry? (2x)

You were in a rush, you forgot your stuff  
Said you'd had enough, now I feel worthless  
The only thing I had was a second chance,  
What I really need is another

But I finally found the truth: I was using you  
Every night you're gone I swear it hurts  
You're the atmosphere, now you're gone, I can't live,  
Tell me what to do, I feel the pain all over my body  
Was it the things I said, can i take them back?  
Baby, 'cause without you theres nothing left of me  
We can run away, we can change our fate  
Baby, what can I do to show you I'm sorry?  
I'm sorry, babe, what can I do to show you I'm sorry?

Pulling away,  
Girl, my heart is out of place  
I feel it killing me  
I made a mistake,  
Girl, I promise I won't make the same mistake twice,  
Don't say bye

I'm sorry  
What can i do to show you I'm sorry?  
Was it the things i said, baby tell me what I did  
Baby, without you there's nothing left of me  
Please tell me, we can run away, we can change our fate  
Baby, what can I do to show you I'm sorry?
