

## Promise Of Love

Joe Lynn Turner

When a man is young  
He'll try so many ways  
Doing almost anything  
to find the one he loves  
He'd walk the razors wire  
With trembling hands and his heart on fire  
Daring almost anyone  
to grab the golden ring, yeah  
They'll come a time  
when she'll ask for your hand  
She says, love is not a game  
it's a part of the plan

Won't you take another chance  
Fill my heart that's enough  
I know we can make it on a promise of love  
Stay with me tonight  
For your kiss that's enough  
I tell you we can make it on a  
promise of love

When a woman loves a man  
she has so many ways  
Doing almost anything  
to help one she loves, yeah  
She can be that guiding light  
warm shelter from a cold, cold night  
She's a keeper of a dream  
When she wears that golden ring  
They'll come a time  
when he'll ask for your hand  
He says, love is not a game  
but place to make your stand

Won't you take another chance  
Fill my heart that's enough  
I know we can make it on a promise of love  
Stay with me tonight  
For your kiss that's enough  
I know we can make it on a promise of love

Take another chance  
Fill my heart that's enough  
I know we can make it on a promise of love  
Stay with me tonight  
For your kiss that's enough  
I know we can make it on a promise of love
