

# Thief In The Night

Joe Lynn Turner

I thought that seeing you would break the  
spell  
Just one look blew my plans to hell  
Last time I saw you with that look in your eye  
you were keeping me hypnotized

You're like a thief in the night  
You take my love and then you tell me  
good-bye  
You're like a thief in the night  
stealin' my heart away

Looked like an angel in that white hot dress  
Brought out the devil in me, I confess  
My knees got weak it was a déjà vu  
I lost my heart to you

You're like a thief in the night....
