

# Hee Haw

Joe Nichols

We can talk  
I could buy you some drinks  
We could spend the whole night  
Not saying what we think  
We could get on outta here  
Cut through the BS  
Not waste another minute  
Get on down in it  
And see how far we get

Show me your Bush Hog  
I'll show you my John Deere  
Show me your corn field  
I'll show you my low gear  
Show me your hot damn, yes ma'am  
Your beer, and here I am  
Show me your yee haw  
I'll show you my hee haw

Well that kiss  
Was Honeysuckle sweet  
Girl you got me flying high  
And buzzing like a bee  
We're out here in the country  
Where you reap what you sow  
Let's break a little ground  
Go another round  
Before that rooster crows

Show me your Bush Hog  
I'll show you my John Deere  
Show me your corn field  
I'll show you my low gear  
Show me your hot damn, yes ma'am  
Your beer, and here I am  
Show me your yee haw  
I'll show you my hee haw

Well don't be shy, just be yourself  
We'll play a little game of show and tell

Show me your ah-ha  
I'll show you my oh yeah  
Show me your too hot to handle  
Baby, I'll show ya  
I know how to break a sweat  
Show me your hot damn, yes ma'am  
Your beer, and here I am  
Show me your yee haw  
I'll show you my hee haw  
I'll show you my hee haw
