

# Never Gets Old

Joe Nichols

Time has a way  
Of wearing on things  
Puts another wrinkle on your skin  
Another dollar on your overhead  
Don't it baby, yeah

And it don't ever stop  
We just try to keep up  
Watch another clock, pay another bill  
Push another rock up a big ol' hill  
Don't we baby, yeah

Sometimes, it feels like a broken record  
But baby, you never do

Never gets old watchin' you laugh  
Feelin' your kiss, kissin' me back  
I never get tired, tired of that  
No, it never gets old  
It never gets old, holdin' your hand  
Gonna stay bein' you man  
Lovin' over and over again  
No, it never gets old  
Might wear me out sometime but it never gets old

Love has a way  
Of outlovin' everything  
It don't retire, don't move south  
Don't expire, 'cause it don't know how  
Lucky me, yeah

Sometimes, it feels like we're just twenty-one  
And I've barley begun lovin' you

It never gets old watchin' you laugh  
Feelin' your kiss, kissin' me back  
I never get tired, tired of that  
No, it never gets old  
It never gets old, seein' you face  
Like sunshine and Amazing Grace  
Lovin' over and over again  
No, it never gets old  
Wrap me up in your arms 'cause it never gets old  
Wrap me up in your arms 'cause it never gets old  
Yeah
