

Take It Off

Joe Nichols

If you're feelin' that summertime heat
Got the top up on your jeep
Take it off, go on now, take it off

Got your boat up on a trailer
Back it down in a river
Take it off, go on now, take it off

If the weight of the world's on your shoulders
Got no weaker worries on your mind
Go on, do what you wanna do
Soak you up a little sunshine

Dig your hand down in a cooler
Grab a cold one and twist the top
Take it off, yeah, take it off

You're a pretty little country thing
But giddy under them cut off jeans
Take 'em off, come on, mama, take 'em off

Them sunglasses on your head
Anything you don't wanna get wet
Better take it off, we're jumpin' in, take 'em off

If the weight of the world's on your shoulders
Got no weaker worries on your mind
Go on, do what you wanna do
Soak you up a little sunshine

Dig your hand down in a cooler
Grab a cold one and twist the top
Take it off

Na, na, na, na
Na, na, na, na

We can go fishing in the full moonlight
If you get one on the line, I'll take it off
Girl, I'll help you take it off

Got a blanket, we crawl underneath
If it gets too hot to sleep, we can take it off
Baby, we can take it off

If the weight of the world's on your shoulders
Got no weaker worries on your mind
Go on, do what you wanna do
Soak you up a little sunshine

Dig your hand down in a cooler
Grab a cold one and twist the top
Take it off

Na, na, na, na
Na, na, na, na

Take it off
Baby, take it off
We can take it off
