

# Adrianna

Joe Perry

Guitar starts talking  
Drums begin to pound  
Kinda get a feeling  
We're the only ones around  
Adrianna hose me, we start to swing and sway  
Let my sorrows walk on, let the music play  
Adrianna tell me  
When do you sleep?  
When the guitar starts your up on your feet  
Adrianna tell me  
When do you sleep?  
When the guitar starts your up on your feet

When adrianna dances the stars begin to spark  
Feel the rhythm moving, pounding in my heart  
The moment that she passes, she's a magic hips  
Feel my body moving toward adrianna's lips  
We move with music, dance through the night  
?????? the morning after, into the morning light  
Well, that guitar keeps on talking, feel the drummer pound  
Dance adrianna, we're the only ones around

Adrianna tell me  
When do you sleep?  
When the guitar starts your up on your feet  
Adrianna tell me  
When do you sleep?  
When the guitar starts your up on your feet

Adrianna tell me  
When do you sleep?  
When the guitar starts your up on your feet  
Adrianna tell me  
When do you sleep?  
When the guitar starts your up on your feet

Adrianna, it's me  
Adrianna.  
Adrianna, it's me  
Adrianna.  
Adrianna, it's me  
Adrianna.  
Adrianna, it's me  
Adrianna.  
Adrianna, it's me  
Adrianna.  
Adrianna, it's me  
Adrianna.
