Driving' down the mass. pike 4 a.m.

Blue lights on behind it's my friend again

Scenery rushing by me i don't see anything

Headlong life is blinding you gonna find out in the end

Chorus:

Life at a glance Your mind's in a trance Life at a glance Your life's just a chance Life at a glance It'll break your heart

Well i'm sitting here waiting for a change of heart And it feels just like my car won't start My hands are full of broken glass My wasted time is in my past

Chorus.

Time has come for you and me
To use what really sets us free
We'll try on wings of thoughts and dreams
And run through times of rhymes and schemes

Chorus.

Someday i know we'll live the dreams we left so far behind You'll never know unless you try to see what's yours and mine

Chorus.
