

Vigilante Man

Joe Perry

Have you seen that vigilante man?
Have you seen that vigilante man?
Have you seen that vigilante man?
I've been hearin' his name all over the land.

Rainy night down in the engine house,
Sleepin' just as still as a mouse,
Man comes along and chased us out in the rain.
Was that a vigilante man?

Well, I rambled around from town to town,
Well, I rambled around from town to town,
And they herded us around like a wild herd of cattle.
Was that the vigilante man?

Oh, what does a vigilante man,
Tell me what does a vigilante man
Carry that sawed-off shot-gun in his hand?
Would he shoot his brother and sister down?
