

Walk With Me Sally

Joe Perry

Telephone is ringing
So i'm pounding on the door
Didn't have a chance
To get up off the floor
Grab a stratacaster
And i put it in my case
Heading out the back
Man, i meet him face to face
Take a walk with me sally (walk with me sally)
Take a walk with me sally (walk with me sally)
Take a walk with me sally (walk with me sally)
Take a walk with me sally (take a walk, take a walk)
Take a walk with me sally
Tell me i was on your mind

All the girls were saying
Yeah, you be saying no
Down in camel swear
People wanna hear some more
Looking for reaction
In the city tonight
Ya didn't go to paris
Now, woman treat you right

Take a walk with me sally (walk with me sally)
Walk with me sally (walk with me sally)
Take a walk with me sally (walk with me sally)
Walk with me sally (take a walk, take a walk)
Take a walk with me sally
Tell me i was on your mind
Yeah!

Take me to the dressing room
And tell me where to sign
I got one way ticket
Got a one track mind
Pail disposition
Sell to me without a soul
I'd throw the book at you
But they throw me at the floor

Take a walk with me sally (walk with me sally)
Walk with me sally (walk with me sally)
Take a walk with me sally (walk with me sally)
Walk with me sally (take a walk, take a walk)
Take a walk with me sally
Tell me i was on your mind
The king!

Wow!
Afro perry!

The telephone is ringing
Something's pounding on the door
What's the matter sally?
Don't you wanna hear no more?
Pack up my belongings

And i put 'em in the case
I'm heading out the back
Now, it's jetting into space

Take a walk with me sally (walk with me sally)
Walk with me sally (walk with me sally)
Take a walk with me sally (walk with me sally)
Walking with me sally (take a walk, take a walk)
Take a walk with me sally
Tell me i was on your...oh yeah, yeah!
Walk with me sally (walk with me sally)
Take a walk with me sally (walk with me sally)
Here's a walk with me sally (walk with me sally)
Take a walk with me sally (take a walk, take a walk)
Take a walk with me sally
Tell me i was on your mind
Ooow!
