

# Make It Up

Joe Purdy

When a train comes, I dont know what to do  
I'm leaving town, but I ain't leaving you  
When I get down, get these far away blues  
and I dont wanna go back home

I could say I'm sorry if you think it would help  
You say you call me, yeah but you never can tell  
you just stand there, just wishing me well  
and I cant think of nothing to say

And I'm gonna write you a song  
to tell you just how much i've been missing you  
you wont have to wait very long  
and i'll be home dear  
and I know that you've been crying at night  
but you dont have to be lonesome cuz  
I'm gonna make it right  
Make it up, Make it up to you  
Make it up, Make it up to you

We've been gone now for weeks maybe longer  
and its cold out and this hurts gettin stronger  
and i called you but you just sat in the corner  
just watching that telephone ring  
Baby pick up so I can hear your sweet voice  
cuz i miss you, you wont be sad anymore  
cuz one day i'll walk through that door  
and hold you in my arms

And I'm gonna write you a song  
to tell you just how much i've been missing you  
you wont have to wait very long  
and i'll be home dear  
and I know that you've been crying at night  
but you dont have to be lonesome cuz  
I'm gonna make it right  
Make it up, Make it up to you  
Make it up to you (x3)

You've been drinkin, you've been drinkin your wine  
and you're wasted, yes and wastin your time  
and its plain now, when you say it isn't mine  
yeah baby can't you see i've been tryin  
i'm ready cuz i know this can work  
and i would take you to the ends of the earth  
just hold on just a little bit longer and i'll be back by your side

yeah cause, I'm gonna write you a song  
to tell you just how much i've been missing you  
you wont have to wait very long  
and i'll be home dear  
and I know you've been crying at night  
but you dont have to be lonesome cuz  
I'm gonna make it right  
Make it up, Make it up to you  
I'll make it up... I'll make it up...  
I'll make it up... I'll make it up...

I'll make it up... I'll make it up...
