

# Crazy

Joe Satriani

I feel like going out for a drive  
Don't know if I'll make it back alive  
My head's so heavy, my soul is black  
Lookin' like something that the cat brought back  
I'm goin' crazy  
But that's alright  
Outside, lookin' for something to do  
Walkin' the streets, everybody looks like you  
When you can't find love, you can feed your head  
But you can't survive when your brain is dead  
I'm goin' crazy  
But that's alright  
I'm goin' crazy  
I think you better hold on tight  
Give it to me  
I'm goin' crazy  
Yesterday you and I were two  
Now your gone, I'm all black and blue  
Don't know why, could be your no good  
If I could turn back the hands of time you know I would  
Think it's strange thinking these thoughts out loud  
Better keep movin', blend in with the crowd  
I can't believe I'm acting like a child  
One thing I know your driving me wild  
I'm goin' crazy  
But that's alright  
I'm goin' crazy  
I think it's going to be a long, long night  
Give it to me  
I'm goin' crazy  
I'm goin' crazy  
I'm goin' crazy  
I'm goin' crazy  
Crazy
