

In My Car

Joe Walsh

Doesn't make a difference
I don't care how far
We can go the distance
In my car
In my car
Don't bother with directions
Doesn't matter where we are
Cruisin' down the highway

In my car
In my car
I don't need no backseat drivers
Leave 'em all behind
And trouble it can't find me
When I'm in my car
In my car
