

# Slow Dancing

Joe Walsh

Well, I catch your reflection through smoke-filled eyes  
Begin my inspection, I watch you  
Your smooth syncopation, you're synthesized  
The beat and the vibration

There's somethin' about you, your sultry way  
That gives me a shiver  
Your style's so enticin', you wear it well  
Completely inviting, I watch you

If I smiled at you, would you walk my way?  
Would you have this dance with me?  
Slow dancin' (slow dancin')  
Slow dancin' (slow dancin')  
Slow dancin' (slow dancin')  
Just you and me  
And who

Slow dancin'  
If I smiled at you would you walk my way?  
Slow dancin'

Those smooth operators have written their lies in anticipation  
Craft emulator of dark designs in fascination

If I smiled at you, would you walk my way?  
Would you have this dance with me?  
Slow dancin' (slow dancin')  
Slow dancin' (slow dancin')  
Slow dancin' (slow dancin')  
Just you and me

Slow dancin'  
Slow dancin'

If I smiled at you would you walk my way, real slow?  
Slow dancin'  
Slow dancin'  
Slow dancin'  
If I smiled at you would you walk my way, real slow?  
Slow dancin'  
Slow, slow dancin'  
Slow...
