

Time

Joe Walsh

It's time
It's about time we talked
We should- that would be good
And in time
Maybe in time we'll learn- to listen
Maybe in time we'll learn to talk
One at a time

When I was younger
The hurry up hunger- of growin' up
Took up all of our time
And time and time again- I find
That when everyone talks at the
Same time
Nothing gets done

In time
I hope that we learn in time
If only we could
That would be good

I'm concerned
One thing I've learned
Now that I'm older
Lookin' over my shoulder
As time goes on and on
When all your time is gone
Oh, all your time is gone
And it's about time we talk
Before we run out of time
