Where I Grew up (Prelude to School Days)

Joe Walsh

I grew up in a little town world
Wasn't a lot there to see
Where I was born when a little town girl
Married my dad and had me
We lived in a neighborhood,
In a neighborhood.
And my whole world

Was just three square blocks round,
And the top of the world
Was up in my favorite tree.
Someday I knew,
I would go back there to see
Where I grew up
