

Winter Weather

Joe Williams

I love the winter weather
So the two of us can get together
There's nothin' sweeter, finer
Than when it's nice and cold

I can hold my baby closer to me
And collect the kisses that are due me
I love the winter weather
'Cause I got my love to keep me warm

I love the winter, winter weather
So the two of us can get together
There's nothin' sweeter or finer
Than when it gets real cold

Then I can hold my baby closer, closer to me
And collect the kisses that are due me
I love the winter, winter weather
'Cause I've got my love to keep me warm
I got my love to keep me warm
So warm
