Joe

Thank you
Thank you so much
I really do appreciate it
Wow, ladies ya'll look incredible tonight

Just a moment of your time... talk to you
(Just give me three minutes of your time to talk you)
Is that alright?
Sexy

You're the kinda girl who would rather make a man wait
Make him hold out to the third date
It's like you're ready but you ain't ready
It's like you're with it but you ain't with it

Here we are standing at your front door
Tonight is different than it was before
You got your keys out, we're making out
I'm kissing on your neck, now I'm in your house

So baby kick off your shoes, slide off them jeans
Take off the rest then leave it to me
Oh, I'm gonna show you girl
Tonight I'll make it sexy

Love noise from the bedroom door
Like lovemaking on the bedroom floor
Like 10 positions you ain't tried before
Kama Sutra couldn't show you more (sexy)

Like burgandy silk sheets on California king
Underneath them sheets, I'm all up in between
Giving you good love, good love
Tonight I'll make it

Hold on real tight
I'm a show you how real G's ride
You think you know but you don't know
Til I crank it up, I'm about to show

I'm gon get creative as you like
Write a masterpiece on love tonight
Switch it up, you on top
Turn it around, now let it drop

So baby kick off your shoes, slide off them jeans
Take off the rest and leave it to me
I just wanna show you
Everything you've been missing (sexy!)

Like love noise from the bedroom door
Like lovemaking on the bedroom floor
Like 10 positions you ain't tried before
Kama Sutra couldn't show you more (sexy)

Like burgandy silk sheets on California king
Underneath them sheets, I'm all up in between

Giving you good love, good love
Tonight I'll make it

I'll make you sexy...
I'll make you sexy...
I'll make you sexy...
I'll make you sexy...

I can do it fast baby, I can do it slow
I can make it last, you just gotta let me know

I'll make you sexy...
I'll make you sexy...
I'll make you sexy...
I'll make you sexy...

Baby I suggest you come lay down on my chest
Tonight I'll make it sexy

Like love noise from the bedroom door
Like lovemaking on the bedroom floor
Like 10 positions you ain't tried before
Kama Sutra couldn't show you more (sexy)

These burgandy sheets on California king
Underneath them sheets, I'm all up inbetween
Giving you good love, good love
Tonight I'll make it sexy
